

§ 382.37

14 CFR Ch. II (1–1–01 Edition)

contrary to the individual's self-assessment that he or she is capable of traveling independently, the carrier shall not charge for the transportation of the attendant.

(d) If, because there is not a seat available on a flight for an attendant whom the carrier has determined to be necessary, a handicapped person with a confirmed reservation is unable to travel on the flight, the handicapped person shall be eligible for denied boarding compensation under 14 CFR part 250.

(e) For purposes of determining whether a seat is available for an attendant, the attendant shall be deemed to have checked in at the same time as the handicapped person.

§ 382.37 Seat assignments.

(a) Carriers shall not exclude any qualified individual with a disability from any seat in an exit row or other location or require that a qualified individual with a disability sit in any particular seat, on the basis of disability, except in order to comply with the requirements of an FAA safety regulation or as provided in this section.

(b) If a person's disability results in involuntary active behavior that would result in the person properly being refused transportation under § 382.31, and the safety problem could be mitigated to a degree that would permit the person to be transported consistent with safety if the person is seated in a particular location, the carrier shall offer the person that particular seat location as an alternative to being refused transportation.

(c) If a service animal cannot be accommodated at the seat location of the qualified individual with a disability whom the animal is accompanying (see § 382.55(a)(2)), the carrier shall offer the passenger the opportunity to move with the animal to a seat location, if present on the aircraft, where the animal can be accommodated, as an alternative to requiring that the animal travel with checked baggage.

§ 382.38 Seating accommodations.

(2) The carrier shall provide a seat next to a passenger traveling with a disability for a person assisting the individual in the following circumstances:

(i) When an individual with a disability is traveling with a personal care attendant who will be performing a function for the individual during the flight that airline personnel are not required to perform (e.g., assistance with eating);

(ii) When an individual with a vision impairment is traveling with a reader/assistant who will be performing functions for the individual during the flight; or

(iii) When an individual with a hearing impairment is traveling with an interpreter who will be performing functions for the individual during the flight.

(3) For an individual traveling with a service animal, the carrier shall provide, as the individual requests, either a bulkhead seat or a seat other than a bulkhead seat.

(4) For a person with a fused or immobilized leg, the carrier shall provide a bulkhead seat or other seat that provides greater legroom than other seats, on the side of an aisle that better accommodates the individual's disability.

(b) A carrier that provides advance seat assignments shall comply with the requirements of paragraph (a) of this section by any of the following methods:

(1) The carrier may "block" an adequate number of the seats used to provide the seating accommodations required by this section.
